

Would you have kept your child off school before COVID-19?

YES

NO

Keep your child off school.  
Inform the Attendance Office via the StudyBugs app or by telephone.

Does your child have any one of the following:  
1.) A new continuous cough?  
2.) A fever – high temperature over 38 degrees C using a thermometer?  
3.) A complete loss or change of smell or taste?

Does your child have any one of the following:

3.) A complete loss or change of smell or taste?

YES

NO

Keep your child at home until you are happy they are well enough to return to school.

Keep your child off school and at home. Speak to 119 or go to [www.gov.uk/coronavirus](http://www.gov.uk/coronavirus) website and arrange for a self-test to be done. Your child and your household must self-isolate until you have the result of this test and let school know your child has symptoms and you're getting a test. Then let school know the result as soon as you get it.

Does your child have an underlying chronic medical condition such as cystic fibrosis? (Not mild asthma which is being managed well with/without an inhaler).

YES

NO

Your child and your household must self-isolate until you have the result of this test and let school know your child has symptoms and you're getting a test. Then let school know the result as soon as you get it.

Speak to their specialist team about testing criteria if you haven't already seen or spoken to them or had a letter in the post telling you when to act.

Children who are otherwise well with:  
• Runny nose  
• Sore throat without a fever  
• Mild cold  
**CAN GO TO SCHOOL AS NORMAL**
