Headteacher: Mr S Potten

10th November 2020

Dear Parents/Carers

Parents will by now be aware that we have had 2 positive identified Covid cases at Oakwood School. I wish to stress that these cases are in 2 separate year groups and are unrelated. One of the cases has not been in school since prior to half term and with the other case we have sent any pupils home who have been in close contact to self-isolate fully in line with Public Health England guidelines.

I am fully aware that this is a worrying time for the school community whilst also being proud that we have managed to remain fully open thus far, unlike many other schools in the local vicinity. Please could I ask for your support at this difficult time and respectfully ask all Parents and Carers to refrain from excessive use of social media which can be frequently misunderstood and lead to a sense of unnecessary panic.

We will of course keep you updated with all developments as we continue to strive to ensure your child's safety together with the whole school community. We are enormously grateful to the parents who have expressed messages of support and admiration at this time.

Yours sincerely

Mr S Potten
Headteacher
